

**LEED CERTIFICATION DATA – BUTYL TAPE-SEAL™**

02.02.21

TFC BUTYL TAPE-SEAL™ is eligible for U.S. Green Building Council (USGBC) LEED® V4 for BUILDING DESIGN AND CONSTRUCTION credits. This statement is based on the Triangle Fastener product referenced above and the formulation of this product and the regulations in place at the date of this document. Use of this product could contribute to points under the LEED ratings system. Please use this document for specification purposes and documentation for your green building project.

**1. Regional Materials Credit:**

This credit relates to 10 – 20% of the total material cost of products extracted, harvested, or recovered, as well as manufactured within 500 miles of the building site location. Because of TFC’s supply chain, distances between suppliers and manufacturing sites, TFC sealants cannot contribute to this credit.

**2. Recycled Content (by weight, all in packaging):**

1 Roll of BUTYL TAPE-SEAL™: 0%

The minimum percentage materials recycled for 1 point is 10%. TFC sealants cannot contribute to this credit.

**3. Low-Emitting Material – VOC Content:**

BUTYL TAPE-SEAL™ has a VOC content of 0g/L

This level is below SCAQMD rule 1168 limits and meet IEQc4.1 requirements.

If you require any additional information or should you have any questions, please contact your local Triangle Fasteners Sales Representative.
