

PAK-ONE

JOB-PAK PROGRAM

PAK-ONE INVENTORY MANAGEMENT

Purchase only what you need for the job, and we will package and ship the products that is marked specifically for the project.

- You reduce your inventory investment.
- Improve your cash flow.
- Eliminate dead inventory.
- Reduce “hidden” warehouse and procurement costs.

Here's How PAK-ONE™ Works

1

Let us help you consolidate fasteners, sealants, tools, and accessories needed for a specific job.

2

We can develop a spreadsheet that list all the items that meet your requirements

You then select specific items for a particular job. A “cut-list” is generated for your project.

3

Order only what is needed for the job. We will pack and ship the products to meet your specifications.
